E. Mitchell Roob Jr., Secretary

April 30, 2008

To: All Indiana ATR Providers

From: Eric L. Scott, Project Director
Indiana Access to Recovery
Division of Mental Health and Addiction

RE: Changes in the service array for Indiana ATR

In light of recent developments the array of services that will be available for vouchersing will be changing effective May 15th 2008. The following are the major changes to the array:

- Relapse Prevention and Continuing Care has been changed to Continuing Care and will no longer contain an emergency services component. Only certified providers with a pre-approved project and pre-approved bill rate will be allowed to accept Indiana ATR vouchers for this category.
- Intensive Outpatient Treatment (IOP) has been replaced by Outpatient Treatment, a clinical service including both IOP and standard outpatient treatment services.
- Care Coordination will consist of the following activity types:
 - Personal Interview (performed at intake, 5-8 month follow-up, and discharge)
 - Personal Recovery Review (at least every 6 weeks, not more than every 3 weeks)
 - Phone Recovery Review (at least biweekly, not more than weekly)
 - GPRA - Follow up incentives (provided in conjunction with Follow-up interview)
 - Emergency Prevention (provided in circumstances where needs exceed services)
 - Service Administration (provided in support of other activity types)

Additionally the Definitions for Transportation, Substance Abuse/Prevention/Intervention Education, Continuing Care, Outpatient Treatment, Clinical Assessment, Care Coordination, have all been adjusted. Please reprint the main manual, not the appendices, and replace the main manual in your Policies and Procedures Manual.

If you have need of further clarification please contact April Schmid at 317.234.0902 or email at april.schmid@fssa.in.gov.

Thank you,

Eric L. Scott
